

Three good reasons to archive your mail:

- 1 Compliance - Comply with current and future regulations for email retention
- 2 Email Recovery - Recover messages instantly without the need to restore from off line backups.
- 3 Quality Control – Review email correspondence between your employees, customers and suppliers.

Exclaimer for Microsoft Exchange

From: Karen Green
To: Peter Jones

Dear Peter,

Thank you for demonstrating Exclaimer for Microsoft Exchange. It will really help to keep consistent, professional looking email throughout our organisation.

I would like to implement the software on our servers as soon as possible.

Can you please contact me to arrange this.

Kind Regards,

Karen Green
 Marketing Manager
